

Hygiene and Infection Prevention Concept for IKV-Events

According to the current CoronaSchVO and the RWTH guidelines
(as of 1.12.2021)

The following rules and measures serve your safe participation in events and are binding for all participants in our events.

Acutely ill persons with symptoms such as fever, cough, shortness of breath, cold, sore throat, pain in the limbs, changes in smell/taste or loss of taste are not allowed to participate in the event.

3G RULE

Upon admission, appropriate proof will be checked at the reception desk. Participants who do not provide the necessary 3G proof are to be excluded from the respective event on the basis of house rules.

The necessary proof of compliance with the 3G rule can be provided as follows:

- Vaccinated: proof of complete vaccination at least 14 days ago.
- Recovered: Proof of survived Corona infection (in German or English).
- Tested: Negative test evidence from a test centre (not older than 24 hours), so-called citizen test

MASKS REQUIREMENT

Due to our house rules, it is compulsory to wear a medical mask in all corridors, hallways and sanitary facilities. We recommend wearing an FFP2 mask. At your seat there is no obligation to wear a mask because of the 3G rule and the distance rules.

Furthermore, the known rules must be observed on site:

- “AHA + L” rule (distance, hygiene, mask and ventilation).
- Protect wounds (especially on the hands) by covering them with plasters or bandages.
- Keep hands away from the face, i.e. avoid touching eyes, mouth and nose, or do not touch mouth, mouth and nose with unwashed hands. Do not touch the mouth, eyes or nose with unwashed hands.
- Be sure to follow the cough/sneeze etiquette: Turn away from others, use disposable handkerchief or cough/sneeze into the crook of your arm, not your hand.
- If possible, keep a greater distance from other people who are coughing or sneezing.

Our measures for your safe participation:

- Generous seating according to current rules
- Regular cleaning and ventilation of the conference and break rooms
- Sufficient facilities for hand disinfection
- Contact registration via participant lists/apps

Thank you for your cooperation.
